#### Tips on Having a Successful Phone Call

- LET THE FACILITATOR LEAD: To reduce confusion on the phone it is important to let the facilitator or guest speaker guide the conversation or activity.
- USE THE ME/NOT ME RULE: Remember to give everyone a chance to speak. This includes making sure to not talk over or disrupt someone while they are speaking. This also includes being mindful that every time you comment on something, it might not be giving space for someone else, or allowing the program to continue smoothly.
- **BE MINDFUL:** Be mindful that everyone has a story, a background, and a different way of looking at the world, and/or different communication styles.
- **REDUCE BACKGROUND NOISE**: Plan to be in a location with reduced background noise. Turn off any thing that might make noise (televisions or radios), also consider pets. Be aware that the facilitator may mute your line if there is too much background noise.
